NEVER DISPARAGED!

KELLEY & CO'S HIGHLY CONCENTRATED SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

10,000 CASES

OF SCROFULA cured by it this year and 5,000 Cases DYSPEPSIA and HUMORS of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use. It is put into the Bottle its FULL STRENGTH and power without reducing it and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Clumsy, Adulterated, Sickish and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better, Safer, Surer, and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world and CURES all the Sickness, KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN who is truly the most distinguished of any in a large City for professional skill CERTIFIES something, as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs."** Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities. And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England, that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury." What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is that it makes the **BLOOD** perfectly Pure, Rich, Healthy, Quick, Free, Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful, Strength wasting, Appetite gone, Pulse weak or Feverish, Skin yellow, Nerves deranged. It restores Health, Strength and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is, that it does not temper with the patient or prolong his sufferings. But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood, so that the cure is always thorough and permanent. Others only scatter or back the disease, but this EXTIRPATES it wholly from the system—this saves the patient's life while others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority. Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the 'HEALING ART' has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cared for as they ought; hence it is that all the medicines which are used with the hope of Cure so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability to cure every Disease, Affliction or Pain which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

Manufactured by

JOS. L. KELLEY & CO,

Chemists and Druggists, 108 *Middle Street, Portland, Maine.*

N. B.—Price 75 Cents a Bottle—for Six Bottles purchased at one time **$4.00.** For this trifling sum the WORST Diseases can be cured.

Health Restoring Bitters, *PULMONARY ELIXER,* AND ***Strengthening Plaster***

TRIED and proved by their continued use for the last fifty years to be superior to any other preparations for the cure of every species of disease dependant upon

Impurities of the Blood, Derangement of the Stomach, Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c

None genuine unless signed on the wrapper Stephen Jewett & Co with a pen, to whom direct all orders.

Prepared by STEPHEN JEWETT, son of the late Dr STEPHEN JEWETT of Rindge N H

Principal Office,—No. 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman.

Rindge N H April 1 1848

To all whom it may concern

I the undersigned do hereby certify, that I was acquainted with the late Dr Stephen Jewett from my boyhood up to the time of his death and having been his nearest neighbor can testify to his medical skill and knowledge of Botany with hundreds of others now living, and that in the year 1816 I was afflicted with jaundice, palpitation of the heart, pain in the side and general debility so as to be *unable to attend to any business* and being a neighbor of the late Dr Stephen Jewett I had recourse to his celebrated *Bitters* and *Plaster* and by their use was permanently cured. Since the above named date I have used Dr Jewett's medicines with equally good effect, as prepared by Stephen Jewett, son of the late Dr Stephen Jewett of Rindge N H and I cheerfully recommend them to the public as safe and invaluable medicines—and being composed entirely of vegetables I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums. From my own observation and experience I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application for the purposes for which it is recommended of any that I have ever known.

EBENEZER BLAKE

DR STEPHEN JEWETT'S

Health Restoring Bitters.

These Bitters acting as they do upon the Stomach, Liver and Bowels, removing all the morbid secretions thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist but they also fortify the system against all attacks of disease. It is a common remark among those who have used Dr Jewett's Bitters that they have but little fear of being sick. The remark is strictly true, for while the stomach and bowels are kept in a good condition and the blood pure all the great predisposing causes are removed and the whole system is fortified against those morbific influences which under less favorable circumstances would have engendered perhaps fatal disease.

In order that the public may know that they are offered a truly excellent article we append the following certificate which may be seen with numerous others in their original by calling on the proprietor.

Boston May 15 1848

To all whom it may concern—This may certify that I have been for years troubled with a scrofulous humor which has been very troublesome and was fast undermining my health and had severe pains in the back, loss of appetite, langour and general debility.

A short time since I commenced taking Dr Jewett's Health Restoring Bitters and in a very short time my humors and pains left me, my appetite improved and my health has not been so good for years, all of which I attribute to Dr Jewett's Health Restoring Bitters.

(Mrs) E H RUSSELL Beach Street

DR STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused either directly or indirectly by diseases of the Lungs and Chest. Why is this great sacrifice of human life? How happens it that the brightest intellects of the highest promise, the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases the Quinsy and Croup? Is it because the diseases are incurable? Physicians will tell you these diseases can be cured—if taken in season.

It is true these diseases can be cured with almost absolute certainty—if taken in season. Everybody should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer.

The following certificate among numerous others which have been received are appended for the benefit of those who desire to see certificates.

Winchester Mass March 10 1848

Stephen Jewett—Dear Sir—I feel it a duty to you and to the public generally, to inform you all who may have been afflicted as I have that I have been entirely cured of a severe and long continued cough by one bottle of your Pulmonary Elixer—For months I have been a great sufferer. I had pain in my left side, sore throat, constant cough and raised a good deal of bad looking matter. My strength was gone and my flesh was wasting away. I took many things without benefit and was steadily getting worse, till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs.

Yours truly

THOS CUMMINGS

DR STEPHEN JEWETT'S

Strengthening Plaster.

These Plasters possess the property of *removing Pain, curing Lameness, Cramp, Pain or Weakness in the Back, Joints or Side, Rheumatism, Weak Stomach &c* and when used in connection with the Bitters in Liver Diseases will prove very beneficial in removing the peculiar pain between the shoulders and in the side and back, well known to those suffering with such diseases. This Plaster from the quantity and quality given is vastly cheaper than and superior to the 'Poor Man's' or any other Plasters, and can be made any size wanted without waste. One roll will make five good sized Plasters. A single trial will be all the certificate necessary.

British Periodical Literature.

REPUBLICATION OF

The London Quarterly Review,
The Edinburgh Review,
The North British Review,
The Westminster Review,
AND
Blackwood's Edinburgh Magazine

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise. As literary organs they stand far in advance of any works of a similar stamp now published while the political complexion of each is marked by a dignity, candor and forbearance, not often found in works of a party character.

They embrace the views of the three great parties in England—Tory, Whig and Radical—Blackwood and the London Quarterly are Tory, the Edinburgh Review Whig and the Westminster Review Radical. The North British Review is more of a religious character having been originally edited by Dr Chalmers and now since his death being conducted by his son in law, Dr Hanna, associated with Sir David Brewster. Its literary character is of the very highest order—The Westminster, though *reprinted* under that title only is published in England under the title of the Foreign Quarterly and Westminster, it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has therefore the advantage by this combination of uniting in one work the best features of both as heretofore issued.

The above Periodicals are reprinted in New York immediately on their arrival by the British steamers in a beautiful clear type on fine white paper and are faithful copies of the originals, Blackwood's Magazine being an exact *fac simile* of the Edinburgh Edition.

TERMS

CLUBBING.

Four copies of any or all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis.

EARLY COPIES

Our late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals. For this and other advantages secured to our subscribers we pay so large a consideration that we *may* be compelled to raise the price of the Magazine.

☞*Something may therefore be gained by subscribing early.*

THE subscriber by appointment from the Commissioner of Patents is Agent of the U S Patent Office for receiving and forwarding to the same models, specimens or manufactures to be patented, or deposited therein which will be sent *free of expense and risk* and with despatch. He will prepare Caveats, Specifications, Assignments and all the necessary Papers and Drawings for Patents, will make researches into American and Foreign works, to test the validity of inventions and render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *matters, in general of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen* years practice, an extensive collection of rare works, decisions, &c on mechanical subjects, the Patent Laws and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment.

Arnold's Expedition against Quebec.

Authentic journal of occurrences which happened within the circle of Major Meigs observations in the detachment commanded by Colonel Benedictine Arnold, consisting of two Battalions which were detached from the Provincial Army at Cambridge against Quebec By Major T Meigs Field officers names of the Battalions—Col Christopher Green Col Roger Enos, Major Betrun, Johnathan Meigs, Major Timothy Bigelow

Sept 9th 1775 —I marched from Roxbury (where I had been stationed during the summer) to Cambridge

10th and 12th —At Cambridge preparing for our march

13th—In the evening marched to Mystick and the 14th continued our march through the towns of Malden, Lynn, and Salem, and encamped at Danvers

15th—In the morning continued our march through the towns of Beverly and Wenham, and encamped at Bowley

16th In the morning continued our march, at 10 A M arrived at Newburyport and there encamped

17th—Being Sunday, attended divine service at the Rev Mr Parsons ,s meeting at Newbury port—dined at Nathaniel Trocey s —Weather fine

18th—Preparing to embark—dined at Mr Daltons—Wind East—fine

19th—Embarked our whole detachment, consisting of ten companies of musket men and 3 companies of rifle men, amounting to 1100 men on board ten transports I went on board the sloop Brittania

The fleet sailed at 10 A M Came out of the harbor and lay to till 1 o clock H M when we received order to sail for the Kennebec fifty leagues from Newburyport Received with our sailing orders, the following signals, viz 1st signal, for speaking with the whole fleet—ensign at the mast head 2nd signal for chasing a sail—ensign at the fore top-mast head

3rd signal, for heaving to—the lantern at the main top mast head, and two guns, if head on shore, and three if off shore

4th signal for making sail in the night—the lantern at the main top mast head, and 4 guns, in the day Jack at the fore top mast head

5th signal, for dispersing, and every vessel making the nearest harbor, ensign at the main peak

6th signal for boarding any vessel—a Jack at the main top-most head, and the whole fleet drawn up in a line as near as possible The wheather was fair and very fresh, but I was very sea sick

20th —in the morning we made the mouth o Kennebec right ahead, which we soon entered The mouth of the river is narrow We were hailed from the shore by a number of men under arms, who were there stationed, they were answered, we were continental troops, and that we wanted a pilot, whom they immediately sent on board The wind and tide favored us as we proceeded up the river Five miles from the mouth lies an island called Poussck, upon this were a meeting house and some very good dwelling houses, the river to this island is very unequal, and the shores generally rocky Ten miles from the mouth are elegant buildings at a place called Georgetown 20 miles from the mouth is a large bay called Merrymeeting Bay 25 miles from the mouth is Swan Island, opposite to Pownalborough where is a block house, we came to anchor I cannot help remarking in our despatch, that this day makes 14 only since the orders were first given for building 200 battaux, for collecting provisions for levying 2105 men, and conducting them to this place, (Gardiner s town)

21—All day at Gardiner s town Wind E — fine

22 —Embarked on board the batteaux proceeded up the river, and toward evening I put up at the house of Mr North and was very agreeably entertained

23—In the morning proceeded up the river about six miles to Fort Weston, where an unhappy accident fell out in the evening, a number of soldiers being in a private house, some words produced a quarrel, and Mr Con[illegible] being turned out, immediately discharged his gun onto the house and shot a man through the body, of which he soon expired M Co[illegible] was tried by a Court Martial, and received sentence of death, but denied the crime till he was brought to the place of execution when he confessed himself guilty but for some reason he was repreived until the pleasure of Gen Washington could be known

24—At Fort Weston preparing for our march to Quebec The Fort stands on the East side of the river Kennebec, and consists of two block houses, and a large house 105 feet long which were inclosed with picquets, this house is the property of ——— Howard Esq where we were exceedingly well entertained

25—Some men embarked in batteaux, with orders to proceed with all expedition to the great carrying place, and clear the roads while the other divisions came up

26—Col Green embarked on board the batteaux three companies of musket men, with whom went Maj Bigelow, on their tower to Canada

27—At 3 P M I embarked on board some batteaux, with the 3rd division of the army consisting of four companies of musket men with 45 days provisions, and proceeded up the river, hoping for the protection of a kind providence We encamped in the evening, four miles from Fort Western I had forgot to mention that the navigation for vessels is good to Fort Weston, which is 30 miles from the river s mouth the water some part of the way rapid

28—Proceeded up the river, the stream very rapid, and the bottom, and the shores rocky

29—In the morning continued our route up the river, at 11 A M arrived at Fort Halifax, which stands on a point of land between the river Kennebec, and the river Sebasticook This Fort consists of two large block houses, and a large barrack which is inclosed with a picquet fort.—I tarried half an hour at the fort, then crossed the river to the carrying place, which is ninety-seven rods [illegible]—then proceeded up the river [illegible] very rapidly over a rocky bottom) five miles, and encamped. The above falls are called Toconock

30th—Proceeded up the river, nine miles, and encamped; the land we passed this day was generally very good.

Col Arnold joined at night, and encamped with us

Oct 1st—Fine, wind East, woods abound in these parts with butternut, beach, hemlock, white pine, red cedar &c

2nd—In the morning proceeded up the river, at ten o clock arrived at Skowhegin falls where is a carrying place of 259 paces, which lies across a small island, on the river There I waited for my division to come up, and encamped on the West side of the river opposite the island with Capt Goodrich Had much rain in the night I turned out, put on my clothes lay down again, and slept well till morning Our course in general from the mouth of the river to this place, has been from North to North East

3d—Proceeded up the river to Norridgewock, on my way I called at a house, where I saw a child 14 months old which is the first child born here At 7 o clock in the evening a little below Norridgewock, my batteaux filled with water going over the falls I lost my kettle of butter and sugar, a loss not to be replaced here At Norridgewock is to be seen the vestage of an Indian fort, and a priest s grave, there appear to have been some entrenchments on the covered way through the bank of the river for the conveniency of getting water This must have been a considerable seat of the natives as there are large Indian fields cleared I have wrote to Mrs Meigs, &c

4th—I proceeded up the river about one mile and crossed the river at a carrying place of one mile and a quarter Here I came up with the second division commanded by Col Green

5th—All day at the carrying place, at evening moved one company up the river one mile, where they encamped, waiting for the other companies of my division

6th—Still at the carrying place getting boats and provisions at 4 P M I proceeded up the river 5 miles and encamped

7th—Continued our march up the river, and at 12 o clock arrived at Carratuncans carrying place Here the river is confined between two rocks, not more than 40 rods wide which lie in piles 40 rods in length on each side of the river These rocks are polished in some places by the swift running of the water The carrying place here is 433 paces in length

8th—All day at the carrying place at Carratuneus, rainy, wind East Capt Darberns company passed the carrying place this day at 3 P M

9th—Capt Ward s company passed the carrying place this day at 12 o clock At one P M I left the carrying place, and proceeded up the river about four miles and encamped The stream for four miles is very rapid, and in some places very shallow, being divided by a number of islands which appear to be fine land —From this encampment some high mountains rise to our view at the Northward

10th—Proceeded up the river which continues its course North-West between two high mountains, and encamped at the great carrying place, which is twelve miles and a half across including three ponds we were obliged to pass

11th—I crossed the great place as far as the 3rd pond there I had the pleasure of discovering Lieut Steele and party, who had been sent forward on a reconnoitering command as far as Chaudiere pond, they discovered nothing with regard to the enemy I returned back and lodged with Col Green

12th—In the morning repassed the second pond and went to the river and gave orders which I received from Col Arnold for building a block house, and then returned, and crossed the first pond, and encamped this day at the great carrying place with the 4th division of the Army, consisting of 3 companies of musket men

13th—Employed in carrying our boats and provisions across the first pond and the second portage I went myself across the 3rd portage, and returned back by the East side of the 2nd portage, and encamped with Col Arnold The wind was so high the boats could not cross the third pond About this time we killed four moose which is excellent meat

14th—At eleven o clock I repassed the first pond, to see Capt Darbern s and Capt Wards companies over Last night a tree blown down by the wind fell on one of our men, and bruised him in such a manner that his life was despaired of In the evening I returned back to the second portage, and encamped with Capt Ward

15th—This morning orders were given that the allowance should be ¾ lb of pork, and ¾ lb of flour per man per diem At 2 o clock I crossed the 3rd pond, and encamped in a cedar swamp This pond is about 9 miles in circumference, and surrounded with cedar, timber This last pond is much larger than the other two

16th—In the morning I set out with Capt Hanchet, to reconnoitre a very high mountain, about 10 miles from our encampment, but we were too late in the day and returned toward evening without being able to ascend the mountain

17th—In the morning I went to Dead river and took part of Capt Goodrich s party and returned to the 3d pond, where I met with Capt Ward s company

At evening went to Dead river, marched one mile up, and encamped with Capt Hanchet

18th—In the morning ordered 3 men to kill 2 oxen, (which we had driven with great difficulty to this place) and to bring 5 quarters under a guard for Col Enos division

Then I proceeded up the river with my division with the greatest expedition to Chaudiere, in order to make up our cartridges and wait for the rear division, and to furnish a number of pioneers, under Mr Ayers, to clear the carrying place

19th—Col Arnold joined us, and Col Green s division The land we passed this day was very fine, thinly timbered and mostly covered with grass

20th—Proceeded up the river, passed several falls, and one fordage, only 3 rods across, and encamped at evening, wind E all day

21st—In the morning proceeded up the river about 3 miles to a carrying place, 25 perches across, then continued our route up the river about 2 miles to a portage, thirty paces across, where we encamped

22nd—Continued our route up the river about 3 miles In our way we passed two portages or carrying places, each 74 perches. Our course this day is only 3 miles, owing to the extraordinary size of the river. The last night in some parts of the river the water rose 9 feet perpendicular, and in many places overflowed its banks, and filled the country with water, which made it very difficult for our men on shore to march

23d—In the morning continued our march, though very slow, owing to the rapidity of the stream. A number of our men who marched on the shore, coursed a river that came in from the westward, mistaking it for the main river, which as soon as we discovered, we despatched some boats after them

The river now falls fast Encamped this evening at a carrying place, 15 perches across. Here a council was held, in which it was resolved, that 50 men should march with all possible dispatch by land, to Chaudiere pond , and that the sick of my division, and that of Capt Morgan s should return back to Cambridge

24th—At this place the stream was very rapid, in our way we passed 3 carrying places, 2 of them 4 rods each, in passing which, six batteaux filled and overset, by which we lost several barrels of provisions, a number of guns, some clothes and cash

25th—Proceeded up the river though with great fatigue, the water being very rapid Our whole course this day was only four miles, when we encamped Wrote to Mrs Meigs by the officer that returned with the sick

26th—Continued our route up the river about six miles, the stream being very rapid

27th—Continued our route and soon entered a sound about 2 miles across, and passed thro' a narrow strait about 2 perches wide, and about 4 rods long, and then entered another small pond about one mile and then through a narrow strait about a mile and a half over to a pond three miles, then passed through a narrow strait, and entered a 4th pond, a quarter of a mile wide, and then entered a crooked river about three miles in length, to a carrying place 15 perches across, and encamped on the N W side upon a high hill which is a carrying place The ponds are surrounded with mountains

28th—In the morning continued our route across the carrying place 44 perches long, to a pond about 2 miles, to a carrying place 4 miles and 60 perches This carrying place lies across the height of land and is about two miles from the last mentioned pond to the height, where all the streams run the reverse of the rivers we came up We encamped this evening on the height of land

29th—In the morning crossed the heights to Chaudiere river, made a division of our provisions and ammunition, and marched back up on the heights and encamped Here I distributed the following sums of money, to the following persons viz To Col Green $500 to Major Bigelow $50 and paid Mr Getchell 44 Paid Mr Berry $42 5s, lawful money

30th—Continued our march by land toward Quebec At 1 P M came to Nepiss Lake, which we supposed to be Ammeguntick Lake, we continued our march till night, and encamped on the banks of the lake where there had been an Indian camp

Nov 1st—Marched through the woods 15 miles, and encamped near the north end of Ammeguntick lake

2d—Continued our march through the woods, the marching this day was exceedingly bad I passed a number of soldiers who had no provisions, and were somewhat sick It was not in my power to help or relieve them Two dogs were killed which the distressed soldiers ate with good appetite, even the feet and skin — This day in our march on the banks of the Chaudiere we saw several boats which were split upon the rocks, and one of Capt Morgan s men was drowned The travelling this day, as yesterday, very bad, over mountains and morasses

3d—In the morning continued our march on the banks of the Chaudiere The marching this day better than we have lately had The river grows wider, and runs very quick, and in some places very shallow We passed this day several small Islands The weather is exceedingly fine and as warm as ever I felt it at this season in New England

4th—Continued our march on the banks of the Chaudiere At 12 o clock we met with provisions to the inexpressible joy of the soldiers who were near starving After refreshing ourselves we marched a few miles and encamped

5th—In the morning continued our march — At 11 o clock arrived at a French house, and were hospitably used This is the first house I saw for 31 days, having been all that time in a rough barren and uninhabited wilderness, where we never saw a human being but our own men Immediately after our arrival, we were supplied with fresh beef fowls, butter, pheasants and vegetables This settlement is called Sertigan, it lies 25 miles from Quebec

6th—Marched down the parish of St. Mary s, the country thinly settled, the people kindly supplied us with plenty of provisions

7th—10th—I was up and down the country on each side of the river on business—the inhabitants very hospitable Our men that were gone to Point Levi, made prisoner of Mr McKenzie a mid-shipman of the Hunter sloop of War This night I lodged at St Henry s

11th—I marched down to Point Levi, and joined the detachment

12th—13th—I was at Point Levi Nothing extraordinary happened except a deserter came to us from Quebec by whom we were informed that Col McLean had arrived from Sorel with his regiment The Lizard frigate also arrived a few days before us On the evening of this day at 9 o clock, we began to embark our men on board 35 canoes

At 4 P M we got over and landed 500 men entirely undiscovered, although two men of-war were stationed to prevent us. We landed at the same place Gen Wolfe did, in a small cove which is now called Wolfe s Cove

Soon after our landing a barge came rowing up the river from the Lizard frigate We hailed her and ordered her to come on shore, they refusing, we fired upon them—they pushed off shore and cried out. After parading our men on the heights of Abraham, and sending out a reconnoitering party towards the city, and placing sentinels, we marched across the plain, and took possession of a large house formerly owned by Gen Murray, and other houses adjacent, which were [illegible] for our troops

FOREIGN NEWS.

The events in India seemed to have roused the British feelings so long kept in obeyance, and it is quite plain that the cry of ships colonies and commerce was never more popular than at this moment

In the British Parliment the division on the second reading of the Navigation Bill seems to give an assurance that—with the exception of removing the impediments which stand in its way of perfect reciprocity in the European trade, so as to assimulate it to that of the present free intercourse with the United States, and of nationalizing certain produce—it is very doubtful whether the present navigation laws will be abrogated The second reading of the present bill has only been sanctioned by a majority of 56, in a House of 476 members The question as expounded by Mr Gladstone runs further the chance of being defeated upon the essential point now raised whether reciprocity or retaliation is to be the ruling principle of the proposed alteration,

To compensate for their sad and distressing visitations the farmers of Ireland have commenced tilling the ground to a vast extent and the potatoe is again planted to a greater breadth than heretofore The attachment of the Irish to this precarious mode of sustenance cannot be eradicated It is hoped that by the early sowing which has been adopted generally throughout the country, the chance of failure will be diminished. The friends of Ireland, however view with considerable alarm this recurrence to a system which has cost so much life and treasure

☞ The Washington correspondent of the N Y Express states, that it is the purpose of the Administration to do all for California which the limited authority given by Congress will allow, and it is its wish also that California should prove herself morally, socially and numerically strong enough to come speedily into the Union, and into the final possession of all the privileges and immunities due to the most favored State in the Union

☞ Hon Wm C Bradley of Vt has written a letter to Nathan Sargent of Pennsylvania setting forth facts which demonstrate that there was no sort of bargain or understanding between Messrs, Clay and Adams in 1824 This should have been publicly stated by him long years since, and would have been probably but for party ends

If the great fortunes which so dazzle the misjudging poor be analyzed, they will be found in nearly ninty nine of the hundred cases, to have sprung and matured from calm, patient and simple toil—toil which had an endurance and faith behind, and an object and hope before it So too, with success in whatever man seeks to accomplish

The secret of success—what is it? In this country, among people who are equally protected and encouraged, it lies in the steady pursuit of intelligence, industry, temperance and frugality

Office No. 9, Granite Block,

(Up Stairs,) rear of the Penobscot Mutual Fire Insurance Co., Bangor,—Member of the Medical Faculty of Edinburgh, Fellow of the Royal College of Surgeons in London.

In acknowledging the very liberal patronage of the Public during his residence in the city, has the honor to announce that he may be consulted, as above daily, from 9 till 1 A. M. and from 2 till 8 P M., Sundays from 2 till 6 P. M., punctually on the following diseases:

COUGHS, COLDS CONSUMPTION,

Asthma, Spitting of Blood, Croup, Whooping Cough Bronchitis, Inflammation of the Lungs or Throat, Liver, Jaundice Dyspepsia; Fevers, Nervousness impurity of the Blood, Costiveness, pains in the Head Breast, Side, Back and Limbs; Scrofula, King's Evil, White Swelling, Ulcers and Indolent Tumors, Rheumatism, Gout, Scurvy, Neuralgia, Enlargements of the Bones, Joints, Ligaments, or all the various diseases of the Skin, such as Tetter Ringworms, Biles, Pimples, Carbuncles. Also Obstructions and diseases of the Uterus, Seminal Weakness, Fits diseases of the Eye and Ear, in the treatment of which Dr B has met with unprecedented success, having seldom failed in a single case.

Dr B in offering the results of long study and practical experience to the people of this country, is governed by feeling of humanity only, so many having been deceived by pretended quacks, calling themselves regular physicians, when in fact they are ignorant of the first principles of the medical science.

Dr B solicits a call from all who may be afflicted with any disease whether constitutional or acquired. To those who are suffering from secret infirmities and diseases Dr B offers hope and speedy restoration. His successful treatment being based upon long study and practical experience in these disorders is a sufficient guaranty for his promptitude and skill. In most cases one personal interview only is required. Country patients are requested to be as minute as possible in the detail of their cases. The strictest secrecy may be relied on all correspondence. For reference, see Dr's Diplomas at his office. Advice to the poor from 9 till 10 every morning gratis. All letters to be post paid or they will not be taken from the office.

LATEST AND BEST

....IMPROVED....

Patent Bedstead.

THE Subscribers have purchased the right of manufacturing and vending **HINKLEY'S IMPROVED PATENT BEDSTEAD** for the city of Bangor.

This improvement is simple in its construction and consists in furnishing a substantial Bottom to Bedsteads, which shall be elastic and have all the advantages of a Slat, or Sacking Bedstead, while at the same time, it serves to secure the posts and rails compactly together, without other aid. It can be fitted to any Bedstead, *old* or *new*, with much less time and labor than is required to put in a cord, and when fitted, *gives great strength* and support and keeps the Bedstead in proper shape. It cannot be doubted that this simple improvement will, when known take the place of every other method now in use. We can confidently recommend the above improvement to our customers and to the public as the cheapest, most substantial and best Patent Bedstead ever invented.

The Public are respectfully invited to call and see for themselves SHAW & MERRILL,

Daguerreotypes— Daguerreotypes!

C. H. PEAVY & CO,

HAVING recently fitted up a Daguerrean Gallery over the Post Office (up two flight of stairs) take this opportunity to inform the citizens of Bangor and the public generally that they are prepared to take **LIKENESSES** in a superior style, at

Greatly Reduced Prices!

To prevent the inconvenience of having numbers in the room while persons are sitting for pictures, we have fitted up a large front room expressly for the exhibition of Pictures, and to accommodate company who visit our rooms.

MR ULMER whose experience and success in the art is unsurpassed having taken upwards of six thousand pictures in this State besides some thousands in Massachusetts and the Provinces, will give his personal attention to the business.

PRICES OF PICTURES

In common Silk Cases $1 00
In Velvet, from .... $1,25 to $1,50
Larger Pictures equally low.

We have just received a large assortment of *LOCKETS*, which we will sell, with or without Pictures, at prices that cannot fail to suit customers.

We have the best light in the city for the business and the public may be assured that all Pictures will be gilded and finished up in a manner which will prevent them from fading, and no one will be required to take a Picture unless satisfied with its execution.

COUNTRY OPERATORS

will find it greatly to their advantage to buy their STOCK of us as we have made an arrangement with one of the largest importing houses in the United States and can furnish French, German and American *Cameras* and Stock of all kinds better and cheaper than any other establishment in the State.

☞All kinds of Stock Chemicals, Gilding &c on hand. **INSTRUCTION** given in the art on reasonable terms.

DOOR PLATES.

Messrs C H P & Co have in their employ a man to manufacture Door Plates and can furnish them at short notice, in the neatest and most durable manner with gold or silver letters cheaper than can be obtained elsewhere. Specimens may be seen at our rooms mar21

Ayer's Cherry Pectoral,

For Coughs, Colds Croup Asthma, Hoarseness Hooping Cough Bronchitis and CONSUMPTION

The Remedy that Never Fails!

TRULY Truth is stranger than Fiction. *CONSUMPTIVES READ THIS*

NORWICH, Conn, April 26 1848

Dr J C Ayer—Dear Sir—Agreeable to the request of your agent we will cheerfully state what we have known of the effects of your CHERRY PECTORAL, and they have been astonishing indeed. Mrs Betsy Wheeler had been afflicted with a severe and relentless cough which reduced her very low; so low, that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Cherry Pectoral. That, and that alone, has cured her. George Wilkinson, Esq had to our knowledge been afflicted with Asthma for *eleven years* and grown yearly worse until the Cherry Pectoral has now removed the disease and he is as free from any of its symptoms as we are. The Rev Mark Daniels had been so severely attacked with Bronchitis as to disable him from his public duties, and nothing had afforded him relief until I (Mr Corning) carried him a bottle of your Pectoral which cured him at once, and he now officiates as usual in his place. These are three of the cases in which we have known it successful, but never to fail. We have great pleasure in certifying to these facts, and are, respected sir, your humble servants

REV, DAVID CORNING,
Pastor of Preston Plains Church
HON JOSEPH CASTLES
Ex Mem. Sen Fr Preston

Nothing has been offered to the public on which they can so surely depend for relief and cure as this elegant and truly wonderful preparation. Indeed, there is now every reason to hope an infallible Remedy has at length been found for the scourge and terror of our climate—Disease of the Lungs.

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper, pleasanter, and warranted superior to any sold It cures without vomiting purging sickening or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other [illegible] is, that while it eradicates [illegible] it invigorates the body It is one of the very best SPRING AND SUMMER MEDICINES ever known it not only purifies the whole system and strengthens the person, but it creates *new, pure and rich blood* a power possessed by no other medicine And in this lies the grand secret of its wonderful success — It has performed within the last five years, more than 100 000 cures of severe cases of disease at least 15 000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10 000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease Consumption can be entirely restored by this pleasant remedy This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system gives activity to the limbs and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumption can be cured Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs Asthma Spitting of Blood Soreness in the Chest, Hectic Flush Night Sweats Difficult or profuse expectoration, Pain in the Side, &c have been and can be cured

SPITTING BLOOD

New York, April 28 1847

Dr Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats and was greatly debilitated and reduced and did not expect to live — I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city. I raise no blood and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

WM RUSSELL 65 Catharine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq one of the assistants in the Lunatic Asylum Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good I am so much better—indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully,

JAMES CUMMINGS.

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13 1847

Dr Townsend—Dear Sir, I have a little girl, seven years of age who has been several years afflicted with Fits we tried almost every thing for her, but without success at last although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness, Prolapsus Uteri or Falling of the Womb Costiveness, Piles, Leucorrhea or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nerveless ness of the female frame which is the great cause of Barrenness — It will not be expected of us, in cases of so delicate a nature to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children after using a few bottles of this invaluable medicine have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES'

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, *"The turn of life,"* should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the human face divine as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe This beauty is the offspring of nature—not of *powder or soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure she is not beautiful If she be brown or yellow and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females*, &c., &c., and have copied our bills and circulars which relate to the complaints of women, word for word—other men who get up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c. are injurious to females, as they aggravate disease, and undermine the constitution.

[illegible]

This Sarsaparilla [illegible] proves that [illegible] purifies the [illegible] the most obstinate dis-

sease of the blood. The [illegible] in one hour is unprecedented.

TESTIMONIAL.

Dr. Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent Medicine — They were afflicted very severely with bad sores have taken only four bottles, it took them away, for which I feel myself under great obligation. Yr's respectfully,

ISAAC W. CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

MEDICAL.

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever affect the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c Dr Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases As its tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable And it has been so considered by many, until this most important of all discoveries was made by Doctor S Hart, nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone can efface Physicians of undoubted skill and experience, ministers of various denominations as well as hundreds of our eminent citizens all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine One says, "I have suffered beyond my power of description but now I rejoice in being fully restored to health and happiness " Another says, "I thank God that I am a well man I also feel it my duty to proclaim it to the ends of the earth that those similarly afflicted may find relief Another (who is an

EMINENT LAWYER,

and well known in this city) says "my son has been afflicted for years with Epilepsy but is now enjoying good health from the Vegetable Extract Its fame," says he, "should and ought to be sounded to the ends of the earth " Another says, " Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means under the blessing of God of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole "

Mr J Bradley, 115 Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract

Dr Charles A Brown of Dover Kennell co, Alabama, who is one of the most Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract, and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge

Curtis G Mishberry, Esq. formerly Postmaster at Lime Hills, Crawford Co, Pa, now living in Erie Co Pa, states that for many years past he has been severely afflicted with Fits, and he is now happy to state that a persevering use of Dr Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases

Mr Stephen C Pratt, corner of Sixth Av nue and Twenty sixth Street, New York states that Mr Charles H Boughton, a member of his family has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business Having used Dr Hart's Vegetable Extract [says Mr P] he was soon restored to perfect health and left this city for the State of Ohio to resume his business

Rev Mr Smith, Rector of St Peter's Church, Spotswood New Jersey who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and his health has been so much improved that he hopes by Divine blessing to have no more Fits

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine

Read the following remarkable case of the son of Wm Secore, Esq of Philadelphia, afflicted with Epileptic Fits for twenty seven years and six months — After travelling through England Scotland Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars returned with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did first visited England I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE.

I accordingly left England, travelled through Scotland Germany and France, and returned home in the month of November with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone he was restored to

PERFECT HEALTH.

His reason, which was so far gone as to unfit him for business is entirely restored with the prospect now, before him of life health and usefulness He is now 28 years of age and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health.

Now, sir, faith without works I don't believe in — To say I shall be ever grateful to you is one thing, and as I here enclose you one hundred dollars, I have no doubt you will think this another and quite a different thing. The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance Yours, very respectfully

(Signed) WILLIAM SECORE.

THE TIME IS NOT FAR DISTANT

When thousands who are now suffering under the hand of this dreadful disease, and fearing that every attack may prove fatal, will find permanent relief and be restored to new life, by using this celebrated medicine

THE ORIGINAL AND ONLY GENUINE INDIAN MEDICINE.

It is not our wish to trifle with the health of the community We desire to be governed by a sacred regard to truth in whatever is here stated in relation to this extraordinary medicine, and it is this feeling of sincerity and good faith which prompts us again and again to call attention to it We believe that no article has ever been discovered that has conferred a greater amount of benefit on the community, and the more it is known the better it is appreciated

SAVE YOUR DOCTOR'S BILLS

Thousands of dollars of doctor's bills have been saved by the use of this medicine, and there is little doubt that if it were more generally resorted to than it is, sickness would in most cases be prevented

New York, April 17, 1848.

This is to certify that I have used Wright's Indian Vegetable Pills in my family for more than four years, and as a family medicine believe them the best in the world During that period I have had no occasion for a physician though my daughter and wife have been very low several times. NERVOUS DEBILITY—LOSS OF ENERGY

Wright's Indian Vegetable Pills speedily and permanently restore the declining powers of the human body This may at first be doubted, but no fact is better established Those who use the *so called* Sarsaparillas for this purpose, overlook in doing so, a medicine far more certain and more effectual

Clymer, Chautauque Co , N. Y , Oct 5, 1848

Dr Wm Wright—Sir—For the last three or four years I had been gradually running down and finally became so weak that I was unable to perform my usual labor I was advised to try your Indian Vegetable Pills, and I am gratified to state that by the use of three or four boxes I began to feel like myself again, and am now thoroughly cured

From my own experience I can commend your Pills to the afflicted with confidence that they will be found a medicine of great efficacy and value Yours truly,

JOHN CLEAVELAND.

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analagous complaints, is Dr DOUGLASS'S ARABIAN PASTE. Dr Douglass is well, known, having practiced in the principal cities in the Union, during the last 40 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr D must solemnly affirms that during his practice of forty years, this Paste has never, in one single instance failed of effecting a cure in a few days, without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years, after taking the Paste for a few days, the angry symptoms disappeared and the patients were discharged, entirely cured

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at at the present time

☞In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchaser so on returning the empty boxes

For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS, at his Office, No 55 Union street, Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted .

DR. WARREN'S

Sarsaparilla, Tomato and Wild Cherry

PHYSICAL BITTERS,

At 50 Cents per Bottle!

SARSAPARILLA, TOMATO and WILD CHERRY BITTERS have now become a standard medicine, universally approved by physicians as a safe, speedy and effectual remedy for *Scrofulous, Mercurial and Cutaneous Diseases*; Jaundice, Indigestion; Dyspepsia, Bilious Disorders, Liver Complaints, Costiveness, Weak and Sore Stomach, Ulcers and Running Sores, Swellings of the limbs, Pain in the Bones, Tumors in the Throat, Rheumatic Affections, Salt Rheum, Erysipelas, bad Humors, Eruptions on the face or body; Cancerous Sores, King's Evil, Chronic Catarrh, Languor, Debility, Headache, Dizziness, Sallow Complexion, and all those disorders which arise from the abuse of Mercury, or from an impure taint in the blood, no matter how acquired

The extract here presented is prepared after directions given by the celebrated Dr. Warren, whose name it bears, and will be found superior to any preparation of the kind now in use. It is highly concentrated, entirely vegetable, and very finely flavored to the taste. The change which it produces in the condition and tendency of the system is *speedy and permanent.*

As a Spring Medicine for purifying the blood—strengthening the stomach and body—and checking all consumptive habits—the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled.

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of these formidable complaints, now known to the civilized world

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre-eminent merit in all parts of the country as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease, and the first and most agreeable curative of all the slight forms of colds, coughs and inflammations that can possibly be used.

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption.

IMPORTANT MEDICAL TESTIMONY.

Dr BRADLEE—Dear sir, The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs I have used it in my family, and in my professional practice for more than two years with the most uniform and entire success, in cases of *severe Pulmonary disease*, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted Yours respectfully,

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery, we are always pleased to give credit for that which is truly useful, and to give information which may benefit others A few days ago a brother of ours, from Norway, Me., came into our office in comfortable health, whom we did not expect to see again on earth We received a letter a few weeks since, from another brother resident in the house with him, saying that he was confined to his bed and could not probably continue but a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter, which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully, will show what medicine has been the instrument of the good work

Boston, Feb 16, 1847

Dr D F Bradlee—Sir —I cannot refrain from saying a word to you in commendation of "Buchan's Hungarian Balsam of Life " Here is a plain statement of facts in relation to my case and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful

My residence is at Norway, Me. Three years ago last fall I took a violent cold which left a cough of the most aggravated kind accompanied by a severe pain in the chest Last June I had become so feeble that I was obliged to quit all work and was confined to the house until about four weeks since During that time I received the best medical attendance and tried nearly all the medicines which are recommended in such cases, but could find no relief, but grew worse, and for the last three weeks was confined to my bed Two of my physicians gave me up as past recovery But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle This gave me instant relief and six bottles have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation

BE WISE TO-DAY

Delay in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptoms above described, be advised in time

McKINNEY'S

COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat Chronic Eruptions of the Skin and all Scrofulous Diseases, Rigid Cords occasioned by Colds or Strains, Stiff Neck Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach Piles, Corns, Warts, and Common Sores and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All-Healing Ointments" and "Panaceas" that are now advertised as the *"most effectual"* and *"certain cures"* for all diseases indiscriminately, to which man or animals are subject

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit, as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all-healing properties

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not and shall not call to our aid the empty *"puffing of the Press,"* or the "bought certificates of individuals and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties To say less, were injustice to ourselves—to say more would be superfluous.

Here are some of the many Certificates —

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success, I applied one Salve obtained of Mr A M McKenney, and continued its application until I had used six bottles, which entirely cured me, and I have had no return of the disease since I would also say that I have the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SEAVEY

Dexter, March, May, 1846.

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success, which cost me about forty dollars, I bought 14 oz of JONATHAN McKENNEY'S SALVE, which effected an entire cure in less than two months SIMEON MARSTON.

BANGOR, June 3, 1846

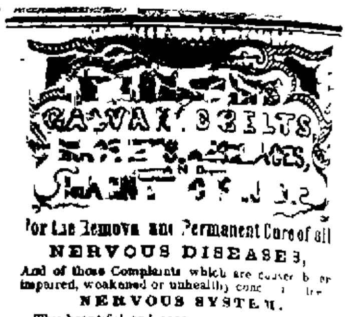

Mr. McKenney—In going into the woods in the autumn of 1845, with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and Bruises and I found indeed, to my great satisfaction, that it was an invaluable article. I also made application of it in cases of Cuts, Sprains, and Bruises upon my cattle, and found it equally beneficial. I can truly [illegible]

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM AND MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and

Nervous Diseases,

which complaints arise from one simple cause [illegible]

A Derangement of the Nervous System

☞ In NERVOUS COMPLAINTS Drugs and Medicines increase the disease, for they weaken the vital energies of the already prostrated system, while under the strengthening life-giving vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by outward application, in place of the usual mode of drugging and physicking the patient, till exhausted nature sinks hopelessly under the infliction.

[illegible]

60,000 Persons

[illegible] all ages, classes and conditions [illegible] large number of ladies who [illegible] subject to Nervous Complaints [illegible]

ENTIRELY AND PERMANENTLY CURED

[illegible] all hope of relief had been given up, and every thing else been tried in vain

To illustrate the use of the GALVANIC BELT suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases stimulants are taken which by their action on the nerves and muscles of the stomach afford *temporary* relief, but which leave the patient in a lower state [illegible]. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

SIDNEY, New Jersey July 12 1848

DR. A. H. CHRISTIE—Dear Sir You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE My reply is as follows

For about *twenty years* I had been suffering from Dyspepsia, every year the symptoms becoming worse — nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions were useless. About *fourteen years* since, in consequence of frequent exposure, while engaged in the discharge of my *pastoral duties*, I became subject to a severe Chronic Rheumatism, which for nine years after, caused me *inexpressible* anguish. In the severer paroxysms, the skill of my physicians could give but little relief. Further, in the winter of 1845 and 6, in consequence of preaching a great deal in my own and in other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly shattered*, and as my Bronchitis became worse, so did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe. I had no prospect other than being entirely laid aside from the discharge of those duties and the performance of those labors in which my soul has ever found the highest of her joys

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole range of medicines there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE with the MAGNETIC FLUID. This was in June 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE, IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars but I can now only furnish this brief abstract. My Dyspepsia has never returned; the Rheumatism once in a while visits me, but not severely and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours
